- Use free standing with the VL Trolley
- 2 x 60mm ground & polished rollers
- Rollers open to 3mm - 6mm
- Variable speed of 0-4 meters per minute
- Double width feed table
- Forward and reverse functions
- Foot switch for ease of operation
- Double width feed table
- Cutting Channel on back tray
- Side handle for lifting rollers

Additional Safety Features:

- Emergency stop
- Safety on/off switch
- Covered upper rewind for release liner
- Safe rear cutting slot in rear tray
- Safety Cover on foot switch (Option)

MULTI PURPOSE MOBILE TROLLEY (OPTIONAL)

The VLTrolley is a versatile trolley/stand that has been designed specifically for the VersaLAM 650 laminator, but is also suitable for the Roland DG BN-20 Printer/cutter and the Roland DG GX-24 vinyl cutter. At 650mm wide, this trolley features lockable front wheels, 3 slots for easy media holding and feeding, plus a convenient shelf for storage.
